Mr. C. Brown
6267 Castille Court
ORLEANS, Ontario
K1C 1X4

Dear Mr. Brown:

As promised, I have enclosed the recent official statement from the American College of Physicians on clinical ecology. I have also enclosed an article indicating that medicine is beginning to reflect on its role in society, and the kinds of concerns being expressed by yourself and others about its performance. I have sent a copy of the material sent to the Coroner involved in a northern inquest to David Reville as you requested.

Sincerely,

John Krauser, MA
Assoociate Director
Dept. of Health Policy
